

CAD DRAUGHTSPERSON

PART TIME/JOB SHARE

We are looking for an enthusiastic & self motivated part time CAD draughtsperson to work in our office.

We would envisage the successful candidate would work approximately 3 days per week 8.30-5.00, however alternative days or hours of work will be considered.

This role could suit someone returning to the workforce, or studying part time.

Experience in design and draughting of civil projects using Land Desktop & Civil-Design 2007 is essential and experience in Civil 3D would be advantageous.

The role will include the following:

- Working with a team
- Design and draughting of subdivisional land development, roading, drainage, earthworks
- Working to timeframes and managing own workload.

Our office is situated in Papakura with easy parking. We have new purpose built offices, with a friendly young team working on a wide range of civil & structural projects, encompassing all aspects of Civil Engineering.

Please forward your application in writing to admin@doddcivil.co.nz
