

Civil Engineer (Graduate) - full time position
(General Civil Engineering & Subdivisional Design)

Dodd Civil Consultants are looking for an enthusiastic professional & self motivated graduate engineer to fill the position of Civil Engineer.

Our office is situated in Papakura, just off the southern motorway, with easy parking. We have new purpose built offices, with a friendly young team working on a wide range of civil projects, encompassing all aspects of Civil Engineering.

Some experience in design and drafting of civil projects using Land Desktop, AutoCAD & Civil 3D would be advantageous, but not essential.

The role will include the following:

- * Working with a team and managing own projects including client liaison
- * Subdivisional land development, roading, drainage, earthworks, Resource Consent preparation and compliance
- * Project management
- * Contract management

Ongoing training & mentoring, along with a competitive salary is offered to the right candidate

Please provide the following in your application:

- * CV - including previous work experience
- * Evidence of course marks

Please forward your application in writing to admin@doddcivil.co.nz

Or to Dodd Civil Consultants Ltd, PO Box 72.543, Papakura - attention: Trixie Dodd

Closing date: 31 August.2007

Expected start date: December 2007
